CORONER WILL INVESTIGATE BURR'S DEATH

A coroner's inquest will be held this evening to look into the death of William Barr, who died early last week as the result of a gunshot wound, presumably accidentally inflicted. A jury has been selected to sit in the case and an array of witnesses have been subpoenaed. Burr was buried Saturday afternoon. As a strange coincidence, Burr was to have been married at the same hour his funeral commenced, at 2 o'clock.

WELL KNOWN WOMAN IS SERIOUSLY ILL

Mrs. J. F. Seager, residing at the Carlton, on Nevin avenue, is suffering with an illness at her apartments and is being attended by Dr. H. N. Barney. The ailment indicates symptoms of pneumonia, and it may be necessary to remove the patient to the hospital for further care.

MEXICANS THOUGHT PANCHO VILLA HAD INVADED DEAR U. S.

No, it was not a Marathon race nor a cross country run either that attracted the attention of residents along the Santa Fe right of way yesterday but merely Roadmaster Bullock of this city at the head of a gang of Mexican section hands beating a hasty retreat.

Close at the heels of the last Mexican shovel wielder was a Muir farmer with a double-barreled shot gun in his hands, and from the way he fingered the trigger it was evident that he intended to shoot at the least sign of resistance. But there was none.

The trouble arose over the fact that the section hands had been dumping dirt down into the vineyard of this Muir farmer who, after repeated request to stop, finally took the law into his own hands and started out to enforce it. A careful inspection made last night by the overwrought railway help showed that nary a clod of dirt had fallen off the railway right of way into the vineyard.

The tickets for the event, selling at 50 cents each are being distributed by the women of the club, and the sale indicates that the party will establish a record for attendance. Mrs. C. F. Donnelly, Mrs. J. H. Gibb and Mrs. O. C. Staley comprise the committee in charge. Refreshments are to be served.

SISTER SWOONS AS POLICE GIVE BATTLE TO HER CRAZY BROTHER

B. F. Hottinger Walks Around Block for Ten Hours. Gives Battle to Police While Being Taken to Martinez.

It took the combined efforts of Sergeants Phillips, McGowan and of Patrolmen Kreamer and Wright to usher B. F. Hottinger, a cement contractor into an automobile which was to take him to the county jail today, where he is to be tried on a charge of insanity.

That Hottinger has lost his mind was shown by the fact that he attempted to attack his sister who fainted when she saw her maniacal brother rushing at her.

Hottinger was arrested Saturday night by Sergeant Jennings at the corner of Twenty-first street and Marin avenue around which block he had walked for 10 hours, covering in that time 14 miles.

When booked at the police station he stated that he was unable to get by Twenty-first street and so kept walking around the block.

MOHAMMEDAN RITES ARE OBSERVED AT FUNERAL OF EXPLOSION VICTIMS

Friends of Unfortunate Men are Pledged to Keep Memory Green —Noted Speakers Deliver Eulogies and Pray to Allah for Repose of the Dead.

That the graves of the two unfortunate Mohammedans who met unexpected death at the plant of the California Cap Works last Friday afternoon will not be forgotten by the large host of attentive friends was evidenced yesterday when the services were held over the remains at the Smallwood chapel on Macdonald avenue. The services, conducted after the Mohammedan rites were impressive in the fullest interpretation of the word. The unfortunate men, Seid Lallshah and Taza Khan, were natives of Afghanistan and both were devoted to the great benefactor of the race, Mohammed.

Two separate services were said at the chapel at 9 o'clock this morning. The speaker in the one instance was M. Barakatulluh, editor and proprietor of the Islamic Fraternity, and an official in the School of Foreign Languages, of Toyo, Japan. The other speaker was Fuzal Ahamad. Reading from the Koran, or Mohammedan religious guide and frequent prayers to Allah, in which the audience played a part were features of the service. Another service was said at the graveside.

Two automobile hearses transported the remains to the Sunset View cemetery, the attendants going in several machines provided. Lallshah and Taza Khan met death when an explosion occurred in the packing rooms of the cap works at Stege on Friday afternoon. They were both blown to fragments.

Nothing Is Proved By Statistics On Registration

There may be a few Democrats in California who think the Republicans have an advantage toward electing their candidate for governor simply because of the large Republican registration. But if there be any such Democrats, they will be found among those of our voting population who have never stopped long enough to think twice before arriving at a conclusion.

It is for the benefit of that particular class, as well as all those who wish to eliminate Johnsonism from the politics of this state, that these facts are set forth.

MAN BARKS LIKE DOG AND CRAWLS; POLICE BAFFLED

Michael Gallagher was arrested by Patrolman Kreamer at the corner of Washington and Richmond avenues today for crawling on his hands and knees and barking like a dog.

Gallagher when taken to the police station went into a delirium in which he saw dogs of all descriptions, and at a mental vision of each would give the characteristic bark. He refused to walk like a human being, saying that since he was a dog he preferred to crawl on all fours.

WOUNDED UHLAN IS HUMORIST

ADOLPH WINTERS RECEIVES LETTER FROM COUSIN IN BATTLEFIELD HOSPITAL TELLING OF RAVAGES OF WAR.

Dresden, Germany, Sept. 2nd.
Dear Cousin Adolph:

I am a little shorter now than when you last saw me, as both my legs were so badly shattered by French shrapnel in the battle of Marne that they had to be amputated. The American newspapers have lied greatly in regard to the German conditions.

The entire German sentiment is greatly aroused at the recent atrocities of the Russian Cossacks in the battle of Cracow where they turned 2500 German prisoners over to the populace of that city to deal with as they pleased. Many were flogged in the public square, while others were made to run the gauntlet between two lines of pedestrians who hurled rocks, clubs and other missles at them.

OTTO.

"Let there be peace."

Although the sob squad of war correspondents in Paris, Berlin and Petrograd have sent out some excellent human interest stories they can in no way compare with the real facts as written by the wounded German Uhlan himself, one of which letters was received today by Adolph Winters, the local florist.

Lying on a cot in a battlefield hospital where the death silence is broken only by the shriek of shrapnel and the deadly hiss of dum-dum bullets, this wounded Uhlan had the courage and stoicism which is so markedly stamped in the German race to add a touch of humor in a letter to his American cousin.

"God pity the poor German soldier who happens by chance to fall into the hands of the Russian Cossack, termed the "Black Scourge" of Europe, stated Adolph Winters, "for these soldiers have built up their fighting reputation on their cruel acts of vengeance which they inflict upon foemen."

ARM BROKEN IN BASEBALL GAME SUNDAY

WILLIAM ROSE, MEMBER OF SAN PABLO TEAM SUFFERS INJURY. GAME CALLED OFF.

William Rose, a member of the San Pablo baseball team, while chasing a foul fly in a game yesterday stumbled and fell breaking his right arm at the elbow.

The game was called off and the injured player was rushed to LeMoine's drug store at the corner of Sixth street and Macdonald avenue where Dr. H. L. Carpenter attended to the young man's injuries.

MRS. GAROUTTE IS CALLED TO FINAL REST

Within a short time after the birth of a daughter Mrs. Adelaide Grosher Garoutte, wife of James A. Garoutte of 446 Nineteenth street died yesterday afternoon shortly after 5 o'clock, at the family residence. Death was due to acute atrophy of the liver. Mrs. Garoutte was a native of Sacramento, and 33 years old. The babe also died within a few minutes.

The remains were prepared for burial at the Smallwood undertaking parlors on Macdonald avenue and were shipped late this afternoon to Sacramento, where the interment will take place. Garoutte is in the employ of the Standard Oil refinery. They have lived in Richmond for about six years.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

THEY SHOULD FIGHT TO THE FINISH

Probably about as bad a thing as could happen in this European war now would be for it to end before it was fought to a finish. It will be better for the world if it is fought out until one side of the other gets crushed. Then there will be no more war. Otherwise the same conditions will exist, with the same old direful results.

If peace comes before either one side or the other is whipped to the stage of weakness and despair and whimpering, it would all have to be fought over again some fearful day in the future. The nations would go on piling armament upon armament; still be jealous of each other; still practice their cynical form of statescraft; politicians would continue to fan national and racial hatreds into flames by which to warm themselves. Nothing new would then come out of this war which would bring universal peace afterward. No rearrangement of border lines would be made that would tend to promote peace and good will among the nations.

Much as we hate war, let us hope that this war goes on until the war spirit is drowned in its own blood and its own deluge of horrors. It is an awful thing to hope for, but it will be best for the whole world if it be so. Only that way will greater and more terrible wars in the future be prevented. It will be better for the generations to come if these armies fight to a finish now. The results will be so mighty in their disaster that the peoples of the earth will then rise up in their might against all war, and put a stop to the causes.

THE PINOLE BANANA

An empty banana lay dreaming alone
On the hard cement walk down the lane,
When along came a maid with a goo-gooish smile,
And she stepped on the skin—what a shame.

The poor old banana lay flattened and crushed,
Whilst the maid kicked her heels in the air.
There was a dull thud in the black, slushy mud—
Ahem! It's a mystery what some women wear.
—Pinole Times.

A woman's nature may be jolly,
From pretty head to little toes,
But neither Mary Ann, nor Jane or Mollie
Can stand a boil upon her nose.

Being neutral puts us at a disadvantage. We can't tell the warring nations how to fight.

Uncle Joe Cannon is feeling just as young as he used to be by about three thousand majority.

We do not propose to take sides in this war, being paired with a German neighbor.

A diet of beer and frankfurters must make a fellow fight like everything.

Hope is a grand good thing, but it is a whole lot better when accompanied by hard work.

Men have given many poor excuses for drinking, but the worst is that somebody asked them.

Join the Sunshine Club and get into the uplift game. Put away your grouch, your hammer and your harpoon, and do it now.

California fruit continues to hold out well, and therefore the voltage of the joy of living does likewise.

Burglary is getting more popular around here as a means of livelihood, with some men, than work is.

The only time a man really needs a drink of liquor is about twelve hours after he has had a dozen too many.

One day the dispatches say the French have checked the Germans, and the next day the Germans have checked the French. The French gave the Germans a big check about forty years ago—for 5,000,000,000 francs.

PRICE-JUGGLERS INDICTED

Uncle Sam is after the fellows whom the "Lord has ordained to fix prices for producer and consumer." Last week a big batch of wholesale canteloupe dealers, scattered all over the country, were indicted by the Federal Grand Jury in Chicago for alleged violation of the Sherman anti-trust law. Among the twenty-eight men indicted were Adolf Levy, president of the Levy & Zentner Fruit Company, also president of the Mutual Distributing Company, at 200 Washington Street; Louis M. Spiegel, secretary for Levy & Zeutner, and Arthur M. Klein, general manager for the United Marketing Company, all of San Francisco.

The indictments are aimed at the Western Canteloupe Exchange, with headquarters in Chicago and Brawley, California. The indictments charge that the Western Cantaloupe Exchange controlled not only the cantaloupe production, but absolutely and arbitrarily fixed prices.

We venture no verdict as to the guilt or innocence of the indicted parties, but do most emphatically charge that some power is responsible for the payment of outrageous prices for fruit and other products by Pacific Coast consumers. San Francisco people pay as much or more for California fruits as do consumers in Denver, Kansas City and Chicago. Somebody is responsible for this condition. There is certainly something deceased under the house. If the indicted parties should be proven guilty they should have the maximum in good hard servitude. If innocent, they should be acquitted.

If Uncle Sam will follow up the good work so well and wisely begun by indicting the guilty parties at the head of the meat and fish trusts, it will be hailed with much gratification by a long suffering public. There is absolutely something rotten in San Francisco. Half a million people lie down and permit a handful of manipulators to determine what they shall give and receive for every commodity and article. This means princely toll from the many into the coffers of the few, without the shadow of a reciprocal directly or indirectly. This will be continued just so long as the people stand for it. The moment consumers organize and get busy in their own protection we will behold these film-flammers getting to cover.—Western Opinion.

We are not overly anxious to take Bobby Burns' advice and see ourself as others see us. Our vanity might get an awful slam.

Francis Heney's heart now bleeds for the people, and the flood is as great and as red as though somebody had stabbed an elephant.

Considering the war prices on all foodstuffs, such of us as have not a tapeworm in our system are lucky. It would cost a good deal to maintain a tapeworm just now.

It used to be that when one saw crowds of people on the streets Sunday evenings that they were on their way home from church, but that was before Edison perfected moving pictures.

Colonel Irish says the state will go to the demnition bow-wows if prohibition carries. We fear that the Colonel's appetite for prunes is growing upon him with advancing years.

Maybe the time will come when the armies of the world will be used for the protection of the weak against the strong; for combatting disease and putting the world in better sanitary condition; thus saving life instead of destroying it. Let us hope and pray so, at any rate.

Richmond has turned down the water proposition, and prohibition is staring us in the face. Without water or whisky either one, what is a fellow to do? The People's Water company and the bootleggers may perhaps be depended upon to keep away the drouth for a while.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before Breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—advt

J. E. RICHARDS IS CONDUCTING QUIET CAMPAIGN

There is perhaps no contest for success at the November polls of wider interest or of a deeper significance than that in which John E. Richards, Associate Justice of the District Court of Appeal, aspires to succeed himself in the position in which he has served with distinguished ability.

The profession of the law, both in its practice and in its administration from the bench, demands years of experience. He who lacks that experience fails in the test established by popular demand. Practical professional training in the law, mental and moral culture, honesty of purpose and a sense of human justice that is superior to every other consideration, are the attributes which an enlightened public opinion must find in every aspirant for judicial honor before it stamps with approval his plea for support.

Viewed in the light of this modern standard of efficiency and of success, the candidacy of Judge Richards is one of the most notable in the judicial history of California. Judge Richards is a man of high morals and of broad culture. Years of study, of training and of practice have made him a master of our law. He is in the very prime of his mental and physical life. His vocation has been the Law, which he has practiced upon a plane of moral and mental worth that has given courage and hope to younger men.

Judge Richards was born in San Jose on July 7th, 1856. He holds the esteem of every man and woman in the Santa Clara Valley. He was educated in the public schools, and was graduated from the University of the Pacific. He studied law in the University of Michigan when Thomas M. Cooley, the greatest teacher of the law, was the head and dominating spirit of a remarkable law faculty.

After graduating from the University of Michigan John E. Richards passed two years in the leading law offices of San Jose. Thus equipped he began his legal practice thirty-three years ago. Continuously since then the law has been his profession. Few men in California can furnish such a certificate of attainment in a plea for popular favor. As a lawyer, in a practice extending through twenty-nine years, John E. Richards never sacrificed an ideal. He was faithful to the highest ethics of his calling. He never espoused an unworthy cause, and he gave to every case he undertook every resource of his being.

In 1907 Governor Gillett appointed him a judge of the Superior Court of Santa Clara County, and Judge Richards became one of the ablest trial purists in the state. In the following year he was elected to succeed himself by an overwhelming popular vote. On October 1st, 1913, Judge Richards was chosen by Governor Johnson to fill the vacancy on the District Court of Appeal created by the death of Judge Samuel P. Hall. And now, with a splendid record of experience, efficiency and tried probity to recommend him, Judge Richards asks to remain at his post. Seldom has a candidate come before the people with such credentials. The estimate of his worth has been made by those who know him. He needs only to be known by the voters of this judicial district to be retained in a position to which he has given first-rate ability and conscientious service. Not to retain him would be to inflict a distinct injury upon the judiciary of California.

FORCES MUSTERING FOR ARMAGEDDON

Time For the Establishment of Messiah's Kingdom.

Indications That We Are In the End of This Gospel Age—Antitypical Battle of Armageddon—Agencies Mustering the Hosts—Opposing Forces—Seeming Victory For Masses—Earth's New Ruler Will Command Peace.

PASTOR RUSSELL

Sept. 27.—Today Pastor Russell preached from the text, "For the great Day of His wrath is come; and who shall be able to stand?" (Revelation 6:17.) His topic, "Armageddon," is well illustrated by famous cartoons, many of which are reproduced in The Photo-Drama of Creation, now on exhibition in our large cities.

God has given us the Book of Revelation, the speaker declared, with the intent of covering up important truths not due to be understood until His appointed time. Being a book of symbols, it will not be understood by mankind in general; but we are assured that the wise amongst God's people shall understand.—Daniel 12:1-10.

The Prophet Daniel gives two signs by which this time will be marked; "Many shall run to and fro," and "Knowledge shall be increased." Today we see this prophecy fulfilled. Thus our day is characterized as the Time of the End, when this Age closes and the Messianic Age begins.

God has seen fit to associate the name of Israel's famous battle-field with the great controversy between Truth and Error, Right and Wrong, with which this change of dispensation will take place. While the phrase, "Battle of Armageddon," is applied in many ways today, Christians realize that the Bible uses it in a spiritual seuse, and that now is surely the time to view this "Battle of the great Day of God Almighty" from its religious standpoint.

The Pastor emphatically declared that in setting forth his understanding of the symbols of Revelation he is saying nothing whatever against godly Christians at any time. He realizes that God's Word conveys a most terrible arraignment of some great systems which we have reverenced, which we have esteemed as containing many of God's people. What he has to say in the interpretation of Scripture is merely in respect to these systems.

Agencies Mustering the Forces.

Revelation 16:13-16 was next discussed. There three agencies are mentioned as gathering the hosts for Armageddon. Three impure "spirits," teachings, proceeding from the mouths of the Dragon, the Beast and the False Prophet, exercise a mighty influence.

Ecclesiastical kings and princes, with their retinue of clergy and faithful adherents, will gather in solid phalanx—Protestant and Catholic. Kings and captains of industry, with all whom they can influence, will join them. Political kings and princes, with their henchmen and retainers, will gather to the same side. Financial kings and merchant princes, with all whom they can influence by the most gigantic power known in history, will also join them, according to this prophecy. They will not realize that they are hurrying to Armageddon.

Bible students of nearly all denominations agree with us that the "Dragon" of Revelation symbolizes the purely civil power, said the Pastor. Protestant interpreters agree with us that the "Beast" represents Papacy. But few, we fear, support our view that Protestantism is the "Image of the Beast," otherwise styled "the False Prophet."

Applying these symbols, we learn that an evil influence will come from the federated Protestant churches, the Church of Rome and the civil authorities—in full agreement. All will predict dire results if their counsel be not followed.

The War Cloud's Silver Lining.

The Divine authority of the Church and the "Divine right of kings" will not be permitted to conflict. Any person or teaching out of harmony with these unscriptural claims will be branded as everything vile. Nobler sentiments will be strangled by the philosophy of the same evil spirit that spoke through Caiaphas. As he declared it expedient to commit crime to be rid of Jesus and His teachings, so this "frog spirit" will approve of every violation of principle necessary to their self-preservation.

For a brief time free speech, free mails, etc., will be shut off under plea of necessity, the glory of God, the command of the Church, etc. All will be serene until the great explosion occurs, denominated in Scripture "a great earthquake" and "a Time of Trouble such as was not since there was a nation." At this juncture Divine Power will marshal the hosts to Armageddon—the Mount of Destruction—the very thing they sought to avert. Then Michael—Messiah—will assume authority. (Daniel 12:1.) He will take possession of His Kingdom in a manner little expected by many who erroneously have claimed to be that Kingdom.

PRESBYTERIANS OBSERVE YOUNG PEOPLE'S DAY

Children's Day was observed yesterday at the First Presbyterian church of this city. The little folks were practically in charge of the morning services, the Sunday school and church service hours being merged into one.

The following program was given: Cornet solo—Willard Poage; violin solo, Errol O'Hara; selection, Male Quartette; song, Primary Department; baptism of infants; address, Dr. Geo. C. Butterfield.

In the evening a special feature was given in an address by Rev. Dr. Butterfield, who, in his address, dwelt on the work of the young people's department and work in the church.

HITTING the telephone does not improve the service. When a man's watch fails to keep time properly he consults an expert—a watchmaker. Yet many, when the telephone does not work as they think it should, hammer the instrument, which is just as delicate and complicated as a fine watch.

TRIALS OF HALL AND KANE COME UP THIS WEEK

Attorney W. D. Grady of this city goes to Martinez tomorrow as counsel for the defense of George Hall, held on a felony charge preferred by the mother of a west side youngster. Hall was arrested about six weeks ago.

Patrick Kane, arrested on a charge of feloniously assaulting his little daughter, aged nine years, will come to trial in the superior court on Wednesday afternoon. Kane is also defended by Grady.

NOTHING PROVED BY STATISTICS

(Continued from Page 1)

In the first place, every election held in this state in recent years very clearly shows that registration cuts but little figure so far as the general election is concerned.

When Theodore A. Bell was the Democratic nominee for Governor in 1910 the registered Republican majority against him in the city and county of San Francisco was 44,414 and yet Hiram W. Johnson carried that city and county by only 1,500, thus showing conclusively that registration is of little value as a basis of political prophecy and should not be taken seriously in the present campaign.

In 1912 there was a registered Republican majority against the Democrats of 61,150 and yet Woodrow Wilson carried San Francisco by more than 11,000, which again clearly shows that registration cuts little figure on election day.

When the San Francisco Registrar's office closed on September 16, last, the Republicans had a lead of 43,553 over the Democrats, there being 76,298 Republicans and 32,745 Democrats, while the Progressives were third with 26,881, making a total registered majority against the Democrats of 70,434.

Now—reverting to 1912—in addition to the Republican majority of 61,150, there were 15,330 "all others" making a grand total registered majority against the Democrats of 106,697.

And, yet, in the face of that stupendous majority, Woodrow Wilson carried San Francisco by 11,000.

This again proves conclusively that registration counts for but little for the political prognosticator.

If the ratio of voting is maintained that prevailed in the Bell-Johnson compaign and in the last presidential campaign, Senator John B. Curtin will carry San Francisco by upwards of 25,000 majority over both Johnson and Fredericks.

The tide has already turned to Curtin. His array of facts and figures hurled against the Johnson administration for its willful waste and extravagance is opening the eyes of the voters of California and before he concludes his campaign he will have wholly discredited Johnsonism in the eyes of every voter in the state who has the welfare of his home at heart.

The race is squarely between Curtin and Johnson. Republicans by the thousands are flocking to the Curtin standard in order to make a good job of ridding the state for all time to come of Johnson and his army of employes, whose hardest work is to sign their names to the payroll.

SCENE FROM THE SPOILERS

"THE SPOILERS" AT RICHMOND TONIGHT

What has been declared by the leading critics to be the greatest drama of the age, "The Spoilers," by Rex Beach, has been ommortalized in the films and will be seen tonight, tomorrow and Wednesday at the Richmond theatre.

"The Spoilers" is a story involving love deception and intrigue in several different forms. The scene is laid in Alaska although it differs in character from "The Odessy of the North," which appeared here last week. The film is being produced for the first time, having been on the film exchange but a short time. Wherever shown, it has created an extraordinary interest, hence the three-day run. Manager Langley has secured the film at additional expense and difficulty, thereby demonstrating his desire to please his patrons by obtaining the best pictures.

ARBITRATION ENTERED INTO BY MEXICANS

MEXICO CITY, Sept. 28—General Alvaro Obregon, the Carranza commander, and three generals left here for Aguas Calientes this afternoon to meet a like commission from General Francisco Villa's army in an attempt to adjust the difficulties existing between Generals Villa and Carranza. Officials here are yet hopeful that a peaceful solution of the problem may be found.

LITTLE MISS IS STILL IMPROVING

Little Camille Reynolds, who was severely bitten on the hand at the Pythian carnival Friday night by a ferocious ape is on the road to recovery according to the attending physician, Dr. H. L. Carpenter. The blood poisoning which set in shortly after the wound was inflicted is localized, and there is but little danger of its spreading.

LEPER VICTIM IN JAIL AT MARTINEZ

A Mexican, badly afflicted with leprosy and believed to be the same man who was seen skulking around the Santa Fe yards on Friday evening has been taken in charge by the Martinez authorities, and the attaches of the sheriff's office are concerned over the disposition of his case. He has been living in the county he states, for about two weeks, going from place to place.

Last night he slept in the open at the city hall park at Martinez, where through the courtesy of the city marshal, he was provided with food and some of the kindly ones donated covering.

The unfortunate is a Mexican who came here abtu two weeks ago from Los Angeles. He applied at the county hospital for shelter but as Superintendent W. H. Hough had no place to accommodate those afflicted with such a disease he had to refuse him quarters.

Since then the scourged one disappeared and has not been seen about this vicinity until yesterday afternoon, when he called to City Marshal Taggart and made known that he was hungry.

The city marshal at once supplied his wants and generously at that but on account of the infectious nature of his disease could not provide him with any place to sleep within the walls of the jail or any other habitation.

The scourged one tells that the railroad companies will not transport him and that he has been compelled to make his way by walking and riding on the brake beams of freight trains.

SMALLWOOD DUE HOME TOMORROW

The latter has been in the northern city for several weeks, stopping with relatives. Smallwood's business has been looked after in a capable manner by W. W. A Message From President Wilson

In a Letter to John T. Waldorf of San Francisco, he Urges the Voters of California to Elect James D. Phelan United States Senator.

PRESIDENT WILSON

JAMES D. PHELAN

THE WHITE HOUSE
WASHINGTON

September 11, 1914.

My dear Mr. Waldorf:

I was most gratified to hear of the nomination of former Mayor James D. Phelan for United States Senator. He has been in close touch with the administration in Washington, and has heartily supported the policies which have been inaugurated for the benefit of the people,—policies which, I am pleased to be informed, have met with very general approval.

The work has been well begun, and it is manifestly important for its successful continuance and prosecution that the administration should not be refused support in the Senate and House at the forthcoming election.

Therefore, I appeal not only to Democrats, but to all independent citizens to rally to the support of the men who have expressed a willingness to sustain the administration and carry on the work designed for the benefit of all. It is not so much mere party success that concerns the average citizen as sound and efficient government, and a party can best deserve credit by giving the best service to the country.

Sincerely yours,

Woodrow Wilson

James D. Phelan—

Three times Mayor of San Francisco.

Prevented renewal of franchise of old Geary street railway, San Francisco, thus making present successful municipal line possible.

Secured appropriation of $500,000 for United States building at the Panama-Pacific Exposition.

Declined ambassadorship to one of the great European nations, preferring service at home.

Led in the fight for a new charter for San Francisco, which insured home rule, civil service reform, responsible government and municipal railroads.

Raised standard of pay for laborers in the city employ.

Head of the San Francisco Relief Committee in the disaster of 1906. Appointed by the President custodian of the relief fund aggregating $10,000,000.

Worked and spoke before the Legislature for the enactment of an anti-alien land ownership law.

LOCAL HIGH TEAM SWAMPED AT LIVERMORE

Mates, it's a sad story. In substance, it relates to a little band of hopefuls who pilgrimed all the way to Livermore with the goats of the Livermore High School Rugby team in view. The little band comprised the Rugby squad of the Richmond High school. They went forth bouyant in their owa hopes, but came home with the short end of a 12 to 9 score. To Brown and Watter of the locals, the credit of the nine points given.

The nine points were in sight before Livermode woke up. Then, like an erstwhile dormant monster, the country lads came to life, and hammered out twelve points, holding the Richmondites to their original standard. The attendance was good, and Richmond hopes to neutralize honors at the coming return match.

KOLDS WATCHES ELKIES AS THEY HAND AWFUL BLOW TO ST. MARY'S COLLEGE TEAM

BOB CRUSO FAILS TO KEEP DATE BUT KOLDS SHOWS

Hero Comments as Elks Pluck off Nice Victory From Visiting Team—Game Furnished All Kinds of Excitement and Incidentally Three Runs for the Locals.

"Robinson Crusoe is not a man of his word," declared So Kolds. The venerable recluse of the south sea islands failed to keep an appointment and Kolds of necessity almost missed the ball game. All because the gatekeeper objected to Kolds' garment, namely a sugar barrel with three staves missing. To curtail a long and sad story, Kolds had an appointment with Bob Crusoe and for a tip on the outcome of the Richmond-St. Marys game, Crusoe was to lend to Kolds a set of scenery suitable to the occasion. Anyhow, Kolds figures that Crusoe is the loser.

Even though deprived of a grandstand seat, Kolds was not disappointed. He managed to pose as an empty barrel, forlornly forsaken in a lot adjoining the grounds, until the keeper's back was turned. Then, with a circular flank movement, coiled in his unusual robe, Kolds managed to simply "roll" into the game. After the first inning the excitement was so intense that his presence was unnoticed, and he ambled about at will.

Unknown to Kolds, one of the Record-Herald journalists was on the job, however. Strange to say, Kilds, through his daily association with the quiet of the woods and the wilds, has acquired the habit of talking to himself. Nature has opened his eyes to the necessity of conversing with himself, lest on his return to civilization in 1915, when the fair opens, he will have forgotten how to use his vocal organs. So, all during the game the hero kept a constant conversation alive between him and himself, and the Record Herald man was thus enabled to keep in touch with the views and the sentiments of the noted authority on the game.

When the St. Mary's team came on the field Kolds muttered something that sounded like "Gosh." Maybe it wasn't that, but it sounded like it. A cloud of actual gloom settled on his face. Could it be possible that any team, he asked himself, stand nine rounds with this Spartan aggregation? But when the Elkies commenced to arm up Kolds' confidence returned by degrees, first in small and diluted flows and then in spurts of the pure and undiluted stuff itself.

By the time Pop Arlett, the new pitcher, who, as Kolds mused to himself, was formerly with the Seals in the San Francisco Coast league, had knocked out three of the Elk's extra men by sending the pill toward them with greater force than which they had been accustomed, Kolds declared there would be nothing to it.

Along about the fifth round, when the excitement commenced to take the field, and the bleachers too, Kolds warmed up to the occasion and let loose with a few comments. His voice was strange because he had only used it in talking to the freaks of the wilds, namely the birds, the snakes and himself. But it is plainly seen that he had the straight dope on the situation.

"Watch," he said to himself. "Woodbury is good for a single." Sure enough, Woodbury was good for a single. Smith took the stick. "Good for a hit any time," mused Kolds. True enough, Smith hit to Guisto and Woodbury made second on the play, just as the nature man had prophesied at the commencement of the inning.

"If Hyatt ever gets that pick of hickory in his grip, there'll be a run chalked up. Mr. Kolds, you mark my word," said the nature man to himself. Hyatt was on his way toward the field of action. He selected a stick, and met Collins' speedy one right in the spherical axis. He sent it all the way home, and made two stations on the strength of it. His action scored Woodbury, and the umpire, Mr. Wood, declared the run.

Kolds then seemed to forget the edict of Mother Nature that he should commune with himself, and though intent on the game he made no comment. The Record-Herald man was more interested in Kolds than the game so until the eighth scene the game was of no interest to him. Dick Arlett, brother to the famous Pop Arlett, then donated a piece of fancy work to the little bazaar. Stepping into the plate he knocked down a three-bagger "right off the bat." His action brought in Cunningham, then stationed at third. When Arlett was safe on the third sack Kolds put the sign on Maher, third station agent for St. Mary's team, and when the pill flew skyward, he fumbled and lost it. This, of course, was all prognosticate dby Kolds and Arlett reached home.

Cautiously peeking over Kolds' shoulder the scribe was able to grab off the following classic, representing the progress of the game and the record of each player. It tallies in detail with the score report of C. B. O'Hara, official scorer, and bespeaks the accuracy of Mr. Kolds:

PITCHERS' BATTLE FEATURE OF GAME

A pitchers' battle, staged between Garrard for the Baracas and Montoya for the Santa Fe Shopmen was the big feature of the Santa Fe-Baraca game, played off at the Ripley street grounds Saturday afternoon. The score was a close one, two to one, in favor of the railroaders, and the victorious team admits that the game was one or the hardest and closest fought they ever engaged in. There has existed for a long time a friendly rivalry between these teams.

Seven hits were secured off of Montova and three errors were made behind him but despite this fact the Baracas failed to win.

The lineups of the two teams follow:

Santa Fe—Davis, 2b; Blankenship, 3b; Schram, rf; Hyatt, ss; Montoya, p; Andrews, 1b; Mimmian, cf; Clark lf; Weir, c.

Baracas—Howe, 2b; V. Hill, 3b; M. Wright, rf; Axelson, ss; Garrard, p; E. Hill, 1b; E. Bloomquist, cf; B. Whipple, lf; H. Garrard, c.

MERCHANTS SOUND DEATH KNELL TO PINOLE'S STREAK

The Richmond Merchants dealt a walloping blow to the crack Pinole team in the game between these splendid representative teams yesterday morning. Pinole met the first defeat in sixteen games, having fifteen successive victories to her credit. The hitting of Howe and Stolker was the feature of the game. Eight hits were allowed by Pinole, and but three earned by them. The score was 6 to 5, the winning run being gained in a double play by Hellwig to Home, thence to Hansen. The result of the game was as follows:

	R	H	E	W
Merchants	6	8	2	2
Pinole	5	4	3	1

Following is the Merchant's lineup:

Rolling, pitcher; Washburn, catcher; Andrew Hansen, first base; Howe, second base; Stolker, third base; Jones, left field; Centers, center field; Roy Hansen, right field and Hellwig, shortstop.

PICKUPS AND PUT OUTS

"Mickey" Childs may have been a Benedict Arnold, a Hessian, and even a reb for playing with St. Marys when he should have been in a Richmond uniform but no matter what he is or for whom he prances, he is a player, and one of the best.

Manager Edward Hasey who gave his team a warmup practice prior to the big game yesterday, is thinking strongly of butting into the majors. Hasey has some excellent material in his lineup which should begin blossoming out about 2500 A. D.

"Pop" Arlett was the whole pickings yesterday, and had his spitter working to perfection.

One might hold a small grievance against a burglar for stealing your watch or even your shoes but the numskull player who will deliberately and without foresight leap into the air and grab a liner at an opportune moment in a baseball game is liable to be stiletoed! Well this is the stunt which "Mickey" Childs pulled in the eighth frame. Arlett creased one which looked like a Texas leaguer but Childs snared it.

The Walla Walla team is endeavoring to secure the services of Catcher Cleek. Cliff, since signing with the Richmond team, has traveled great guns and it is a mystery why some of these salaried scouts have not lined him up before this. He has control, a good arm and uses his head which is all that is wanter of a catcher.

"Neeley" O'Hara, Billy Luce and George Carrere, members of the "Millionaire Triumvrate," were seen looking at an auto yesterday. The police have been notified.

What is home without a picture caused Billy Luce yesterday to get "Mugged." He refused to remove his hat. There's a reason.

Cunningham must have been stone blind yesterday for he struck out each time up. Someone hinted that "Cutey" was in love but we doubt it, as he is old enough to have better sense.

"Baldy" Marcollo who several months ago was playing sandlot baseball with other "Kid" nines here was in a St. Marys uniform yesterday and shows promise of forging to the front. He secured a hit in the fourth frame which went to deep center before being blocked.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time receipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. advt.

ALL WRONG

The Mistake is Made by Many Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Richmond resident tells you how.

"I was troubled with pains in my hips and loins," says Mrs. James Wright, of 1119 Roosevelt Ave., Richmond. "I was almost laid up. I got up in the morning feeling so tired, lame and worn out that it was all I could do to start my housework. My kidneys were weak and if I caught cold, it always made me feel worse. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. After I had used four boxes, all the ailments had gone and my health was fine. I haven't had a sign of kidney complaint since."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wright had. Foster-Milburn Co., Props., Buffalo, N. Y. ad.

DEFENDERS TO ENJOY CAMP FIRE MEETING

A bean banquet, which will take more than one Civil war veteran back to the old campfire dinners while on duty as a defender of the nation, will be a feature of the "campfire" to be given by the local post of the Grand Army and the Ladies' circle of the organization at Fraternal hall tomorrow evening. An active committee has worked almost incessantly on the program. Distinguished guests will be present from San Francisco and elsewhere.

TWO BIG CONCERNS TO GOVERN OIL TRADE

The Amsterdam correspondent of the New York Times Annalist says:

"The oil industry seems more and more to be passing into the control of the Standard Oil company and the Royal Dutch-Shell combine. The great rivalry for supremacy in the petroleum markets of the world will have to be fought out to the end between the two mighty concerns, both of which are striving to expand and penetrate to every corner of the globe."

It is further stated that in Amsterdam Royal Dutch stock recently touched the highest point in its history, due to having declared a dividend at the end of the year of 33 per cent, which, with an extra dividend declared earlier in the year made a total distribution of 48 per cent for the great concern against 41 per cent for the preceding year.

THE WOMAN IN THE FIELD

The Farm Woman Needs Relief More Than Her City Sister.

By Peter Radford.
Lecturer National Farmers' Union.

Much has been said and more written about the woman in the factory and behind the counter, but how about the woman who works in the field, I want to say a few words in her behalf. I regret a necessity that compels woman to work for a livelihood, and I favor not only shortening her hours, but freeing her from manual labor entirely. I crave for society that high standard of excellence where the home is woman's throne and her life is devoted to molding the character and elevating the thought of the rising generation. But so long as want, greed and misfortune prevail in this world, women, through choice or necessity, will work, and perhaps they will work at one task or another as many hours per day as they please.

We may pity the weak and admire the strong in their struggle, but the farm woman is entitled to her share of sympathy and reward.

All Must Toil.

The labor problem, as relates to men, is a most vexatious one, and when we apply it to women it becomes more seriously complicated. We will always have to work unless some political genius can put a law on the statute book that will enable us to live without labor. So long as every person must meet toil face to face, the best we can do is to equitably distribute the burdens and reward labor, and if there is to be a revision of wages and a shortening of hours, I want the farm woman to get her share. She has more reason to complain than any other class of toilers. She has, as a rule, fewer comforts, fewer pleasures, less recreation and less opportunity for enjoyment than her sister in the city. She has not so many conveniences and fewer luxuries and less to be thankful for than women who live in the town, but she toils on, a model of consistency, patience and womanly devotion. Certainly she should be the first to be rewarded.

The Real Labor Problem is on the Farm.

The great dailies with flaming headlines deplore the lot of women who toil in the cities, the city pulpit thunders with sympathy for her, and the legislators orate in her behalf, but not a line is written, a word said or a speech delivered in the interest of the million women who labor on the farm. Where one woman works in the cities in this state, there are a hundred mothers toiling in the field, and no mention is made of it. Is the woman in the city entitled to any more consideration than the woman on the farm? I contend that she is not. The city woman may be more easily restrained by legislation, and she may have a more attentive audience when she cries aloud, but the real labor problem, in so far as it relates to women and children, is on the farm—where mother and child, wielding the hoe and gathering the harvest, toil day in and day out without hope of reward.

The City Life Puny.

The farm women work from sun until sun. They do their housework and lull a half-million babes to sleep after the chickens go to roost, and they get breakfast and milk the cows before the lark sings. The city woman frequently chafes under hardships that the farm woman would consider a blessing. The city people are great talkers and ofttimes greatly magnify their troubles and enlarge their accomplishments. This characteristic permeates organized society as well as enters into the individual life of cities. There are orphan asylums which are doing commendable work and should be encouraged, that boast of their accomplishments, but I have seen widows in the country make a crop, drink branch water and eat corn-bread and molasses and raise more children and better children than many of these city orphan asylums. The cities need to get back to the soil with their ideals. They are hysterical, puny and feeble in their conception of life, its requirements and its opportunities.

The farmers' problems are pressing for solution and the awakening is at hand.

It is apparent that the old credit system must give way to business methods in financing the crop.

The Philadelphia Society for the Promotion of Agriculture is the oldest association of its kind in America. This was organized by George Washington and Benjamin Franklin in 1785.

CROCKETT INSTITUTE ATTENDED BY MANY

An interdenominational Sunday School Institute was held in the Congregational church at Crockett under the auspices of the local Sunday school, Thursday afternoon and evening of this week. A large delegation from this city, Pinole, Rodeo and Valona Sunday schools were in attendance. The Institute was in charge of a "Gospel team" consisting of C. R. Fisher, secretary of the State Sunday School Association, Rev. G. A. White, County Superintendent, Rev. W. S. Stewart, County Evangelistic Superintendent, and Floye LeFevre as president of the Carquinez district.

A male quartet accompanied the gospel team, consisting of J. Harry Plate, Cyril L. Stringer, Arthur R. Murphy and G. A. White whose excellently trained and well blended voices in gospel song contributed much to the inspiration of the evening services both on the street and in the church. These musical gentlemen all came from Richmond.

At six o'clock p. m. the out of town delegates were entertained in the parlors of the church, and supper served under the direction of Mrs. Warren Davis, assisted by Miss Ruth Wright and her friend Miss Peterson of Berkeley. At the tables Rev. G. A. White acted as toastmaster and remarks were demanded of new District Superintendent Stout, followed by Messrs. Whiteman, Chapel and Stewart, after which other delegates proceeded to the business section of the village and conducted a gospel street meeting.

The services were concluded by a strong gospel address by Rev. W. S. Stewart, pastor of the Baptist church of Richmond, who took for his theme, "Love's Supreme Expression."

FRESNO WILL AGAIN ALLOW HOTED DANCING

FRESNO, Sept. 28.—On an understanding had with the officials of the city that there would be strict compliance with the ordinances of the city in regard to the conduct of the cabaret and accompanying dancing, permission has been given to the management of the Hughes Hotel to resume the dances that were conducted last winter and spring. The affairs were ordered stopped because of disorder that existed, the proprietor declaring that this took place during his absence from the city and in spite of specific instructions. It is now agreed that the dancing shall be permitted only to those patrons who take regular dinners, and that the sandwich-and-a-glass-of-beer patronage will not be admitted to the dancing floor.

DELEGATES FAVOR MUNICIPAL WATER

H. W. Wernse and George Wall, delegates to the Inland Waterways Convention at Stockton, returned home last evening, following the adoption of the pending water problem:

"Resolved, That we heartily endorse the water commission bill now pending, at the coming election by the referendum, and known as No. 6 on the ballot, believing that it is in line of state control for all time of our public waters.

"Resolved, That we earnestly favor such action on the part of the United States government as will result in protecting the Imperial Valley and the $75,000,000 of wealth that the people of that valley have developed in recent years from the disastrous effects of the overflow of the Colorado river, and we recommend the immediate appropriation by the Congress of the United States of a sufficient fund to establish such retaining levees and other works as will protect the Imperial Valley from the danger of overflow."

CATHOLIC FAIR ATTENDED BY A LARGE NUMBER

One of the largest crowds in the history of San Pablo society was attracted on Saturday evening when the bazaar of St. Paul's church of that cit yopened in the church parlors. Not only was the crowd a large one, but the spirit of the occasion was entered into early in the evening and the initial night of the affair, which will continue on Friday and Saturday evenings of this week, was a decided success.

Booths representing California, the United States, Spain, Portugal and Ireland were presided over by young women representing the several types. Refreshment booths did an attractive business, as did the numerous raffling and concession booths.

"The Darkey's Dream," a laughable skit presented by a dozen of the young women of the parish was attended by a marked success. Real comedy was evident throughout and beyond the surface genuine theatrical talent was observed in the parts of practically every one of the young women in the cast.

The shut down will be a matter of about two weeks, as material for 18 more tanks is now en route to Pond. This additional work will require the work of 250 men for five or six months.
